A Landmark Global Event
Coming to Kenya

A Landmark Global Event Coming to Kenya

This landmark conference will bring together local, regional, and international experts to share cutting-edge knowledge, practical skills, innovations, and emerging trends shaping the future of forensic investigation and related disciplines in the digital economy.

Participants will gain an exceptional opportunity to learn new skills, sharpen existing competencies, and enhance professional performance in both employment and private practice. The conference will feature expert presentations, practical discussions, workshops, panel sessions, and case-study analyses designed to strengthen professional excellence across multiple sectors.

The event will also provide a world-class networking platform, enabling delegates to establish meaningful professional relationships for future collaborations, employment opportunities, partnerships, consultancy, and business development.
